Agreed, I see that. The only thing I suggest we include Ex. 5 Deliberative Process (DP)

Yes; I will be including slides 1 and 3-5; slide 2 is pretty in the weeds for this; I will be incorporating into our presentation and will send around final for tomorrow in a little while.

Thanks!

OK, see attached for some slides with placeholders for the short/long chain discussion and concentration ranges – Thuy, can you please add to the red bullet on slide 3 on the attached slide deck? Tala, does this give you what you need?

Attaching both a link and a copy, in case of any technical difficulties.

Everyone asks 'what ones'. I know we have not yet **Ex. 5 Deliberative Process (DP)**

Thoughts on including the **Ex. 5 Deliberative Process (DP)** Is that something Avi would want? I know Michal requested that for her briefing; not sure of Avi's background & role.

OPP – I need a few slides on the PFAS in Containers issue to insert into the broader Deck with OPPT Actions; also, will Ed or Kim present on those? If you can give me slides Monday (thinking to put info from your “1-pager” into slide format), I will turn back around to you also on Monday to see how it will look
